

Root Conditioner

Introduction

Root Conditioner is a OMRI Listed, 100% organic, liquid product for soil/medium application. Its regular use promotes rooting on an ongoing basis for maximum nutrient uptake. It helps in chelation of nutrients in rhizosphere when used in drip/drench applications.

Benefits

- *Promotes root growth in all indoor & outdoor crops.
- *Shortens time required for all seedling/cuttings from start to transplantation.
- * Establishes better root structure from early stages.
- * Prepares roots to effectively combat root-borne stress & diseases.
